

Please do not do anything taht would chage Indiana's Telephone Privacy Law.  
We registered to NOT have calls made to us and our call rate has dropped to  
almost zero (ah the sounds of silence)

We have had an Unlisted Telehone Number (and we pay extra each month for it) to  
cut down on calls. The new Indiana Privacy law has helped even more.

Pleae do not change Indiana's Telephone Privacy Law. it is working and we enjoy  
the peace and quiet.

Thaank You,

The Robert J Rininger Family
